**Want to save money on the  
cost of your heating oil?  
*So do we!***

**Join our new community-based  
countywide oil buying syndicate  
and save an average of £50  
on a 1,000 litre oil delivery.**

All profits from ORCC Trading Ltd will go directly to supporting Oxfordshire Rural Community Council who work to enable rural communities to be more socially, economically and environmentally sustainable.

## What's the scheme?

ORCC Trading Ltd has set up a new not-for-profit enterprise that will reduce the cost of your domestic heating oil by an average of £50 on a 1,000 litre delivery.

All you need to do to take advantage of the scheme is to pay an annual membership fee, which will cover as many oil orders as you need during the course of the year.

## What's the snag?

There isn't one. The scheme is being promoted by Oxfordshire Rural Community Council, a long established and well respected Oxfordshire charity. (See overleaf for more details.)

By bringing communities together and making the most of joint buying power, we can make savings and pass them directly to people like you whose fuel costs are high simply because you don't have mains gas in your village.

## The environment benefits too

Every time a tanker comes out to make a delivery, it is using a lot of diesel – a full tanker can get as little as a horrifying 8 miles per gallon. If deliveries are organised so that one tanker delivers to several customers in a village instead of making lots of individual deliveries, the fuel consumption is reduced and so is traffic in the village.

A number of local suppliers have already agreed that when we place a bulk order, they will make a donation to the Oxfordshire Community and Environmental Trust (soon to take over as successor body to the Trust for Oxfordshire's Environment) which makes grants available to community projects that benefit the environment. We aim to negotiate with the other suppliers as the scheme gets fully under way. This will not affect the price you pay.
